

PCA Syracuse Brings Joy and Toys to Local Families

March 2, 2015

During the recent holiday season, employees from PCA's container plant in Syracuse collected donations for Toys for Tots, an organization benefiting children in need within the local community. This yearly event, spearheaded by a PCA Customer Service Representative, raised over \$800 in toys and cash contributions.

Several PCA employees gave of their time by helping unload toys and food at Christmas Bureau Distribution, an annual event where members of the community come together to help distribute donations on behalf of Toys for Tots.

On distribution day, the Oncenter in Onondaga County was filled with tables of toys and books for parents to choose from. Each visitor was greeted by a volunteer who helped them shop for their children and provided them with a box of food for the holidays.

For more information on Toys for Tots and how you can help, please visit their website at www.toysfortots.org.

Volunteers participate in the Christmas Bureau Distribution event.
